

# 2020 SUMMER CAMP

## Weekly Themes

**JUNE 8 - 12**

### **Expedition Read**

A good book has the ability to transport the reader through time and space without leaving the comfort of home. During this week, we will be able to explore different worlds through stories, and create art projects and snacks from the different books we read. This will also be the kick off to our summer reading competition so grab your favorite book and let the adventure begin!

**JUNE 15 - 19**

### **Around the World**

Hello! Hola! Ni Hao! Shalom! Hallo! Each day we will travel to a different continent to experience cuisine, celebrations, customs, and artwork belonging to that region. We will explore the African Safari, celebrate the Chinese Dragon Festival, admire the beauty of Renaissance paintings, trek into the Australian Outback, and travel through the Rainforest!

**JUNE 22 - 26**

### **To Infinity and Beyond**

Mission Log Number 35: It has been two weeks since landing on this unidentified planet. So far there is no sign of civilization. We continue to hold out hope that fresh water will yield signs of life...Join us this week as we reach for the stars! From building our own rockets and training like astronauts to creating our own aliens, this week will be out of this world!

**JUNE 29 - JULY 3**

### **Happy Birthday, USA**

Hop, skip, and run for summer fun! Red, white, and blue has just begun! Come celebrate the birth of our Nation with games, patriotic creations, and a good, old-fashioned barbeque!

**JULY 6 - 10**

### **Spy School**

Your mission, if you choose to accept it will be to complete spy school. Learn the art of disguise, crack secret codes, and work as a team to make it through a series of escape room scenarios. By the end of the week, James Bond will be calling you to help on his next assignment!

**JULY 13 - 17**

### **Chopped**

Chop, mince and sauté your way through the week. Can you make a savory dish using gummy worms or a dessert that includes hot sauce? This week we will participate in friendly competitions including mystery foods, learn cooking techniques, and enjoy some mouthwatering treats! Will your dish end up on the "chopping block"?

**JULY 20 - 24**

### **Christmas in July**

Jingle bells in July? Why not?! All the Christmas cheer without the visits from Jack Frost! Enjoy a week full of Christmas crafts, games, and even a gingerbread house decorating contest. We're going to have a jolly good time!

**JULY 27 - AUGUST 31**

### **Shipwrecked**

Shipwrecked-Man Overboard! This week we'll be diving deep into the oceans to explore all the creatures who call its salty depths home! Together we will learn how to survive a shark attack and cook something tropical. We will also explore ways to survive a shipwreck, learn all about island life, and sail our way through Pirate Pete's treasure map!

**AUGUST 3 - 7**

### **Disaster Zone**

Sound the alarms! Take shelter this week while we learn all about natural disasters that happen from coast to coast! From tornadoes and hurricanes to earthquakes and floods, we'll be learning about these acts of nature and recreating them in a safe environment. This week will be a WHIRLWIND of fun!

**AUGUST 10 - 14**

### **Walk of Fame**

Walk into the spot light or down the red carpet. This week you can crack a couple jokes, sing a show stopper, or dance your way to the top at the annual talent show! Everyone will also have the opportunity to become rising stars as we write and direct movies or star in trailers for our own motion pictures.

**AUGUST 17 - 21**

### **The Frozen Tundra**

Screech owl, arctic fox, black bears, oh my! Below zero or not, discovering animals and environments are sure to be a hit. During this week, we will experience how animals and people have adapted to life in the Arctic and the amazing transformations that take place during the sunlit summer. We will also bring a bit of snow to the summer with some cold weather science experiments.

**AUGUST 24 - 28**

### **Blast from the Past**

Minecraft! LEGOs! Coding! This week has it all. Start your world from the ground up; whether you decide to complete building challenges using Legos and K'nex or create a world from scratch on Minecraft, this week has something for everyone!
