FORT McCOY SCHOOL SUPPORT SERVICES

School Support Services provides Army school-aged youth with educational opportunities, resources and information necessary to achieve academic success. A branch of Child & Youth Services (CYS), School Support Services features School Liaison Officers (SLOs), who help schools, installations and Families work together for student achievement.

SLOs are your best support in the area of education, schools and military transitions. SLOs are knowledgeable in current education news and policies. They act as the conduit between the school community – including local public school districts, private schools and home school Families – and the installation.

HOW DO THEY DO IT? BY:

- Helping schools understand the challenges military Families face
- Informing parents about local school policies
- Giving Families information about local schools, graduation requirements, after school programs, youth sponsorship and homeschooling
- Connecting units and schools through partnership initiatives
- Conducting workshops to help parents navigate educational transition and advocate for their children
- Providing an array of resources that benefit military youth and improve school experiences

RUMPEL FITNESS CENTER INBODY 770

Quickly measure fat mass, muscle mass, and body water. Auto-calibrated, user-friendly, and non-invasive, testing is fast and easy - just stand on the device and hold the hand electrodes.

Get vital body composition outputs for evaluating overall health and wellness and a specialized Result Sheet for body water analysis. Draw more insights from exclusive metrics like Visceral Fat Area and Whole Body Phase Angle, track body composition and body water changes, optimize regimens, and give tailored health recommendations backed by research-grade data.
